	 Fluorescent lights		
	 Batteries		 Commercially available translucent bags
Collection base	Newspapers		 Tie using rope
	 Magazines, Scrap paper		
	Cardboard		
	Used clothing		 Commercially available translucent bags

Bringing waste directly to waste facility

Do not leave large items/large amounts of waste that does not fit into waste disposal bags at the waste station. (Take the following measures.) Please bring it directly to the facility.

For those in the Kaibara, Hikami, Aogaki, Kasuga, and Ichijima areas

[Facility] Tamba City Clean Centre (Clean Park Tamba)
[Address] 540 Nokono, Kasuga-cho, Tamba City Tel: 0795-78-9999
[Opening hours] 9:00-11:45 13:00-16:00
[Days open to the public] 2nd Sunday of every month, December 29th
[Fee] Private waste up to 10 kg 100 JPY (+100 JPY per each 10kg)

Note Charges apply even if waste is brought directly to facility using designated waste bags.

Refer to the waste sorting app for details on how to sort waste etc.

- You can check the garbage calendar immediately.
- Look up waste categories when you are unsure.
- Use the notification function to prevent you from forgetting to take out your trash.

Plastic waste

(plastic containers and packaging/plastic products)

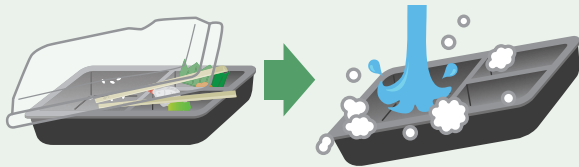

Plastic waste: Plastic containers and packaging marked with the  symbol, and items made of 100% or mostly plastic materials.

Main items: candy wrappers, food trays, styrofoam, PET bottle caps, straws, plastic folders, storage containers, combs, CDs and CD cases, plastic clothes pegs and hair clips, etc.

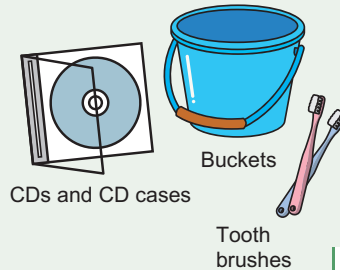

Every **Wednesday**

Preparing

- Lightly rinse dirty plastic before disposing of it.

- Put out all products made of plastic together.

- Bottles with the PET bottle mark should be put out on the regular PET bottle collection day.

Please Note

- ★Do not double bag items etc. making the contents not visible.

Double bag

Disposable Container/
Bag

Do not mix the following items.

◆Flammable items

Lighters, lithium-ion batteries, small home appliances (heated cigarettes, electric toothbrushes, portable fans, mobile batteries, etc.)

◆Items that pose a risk of injury

Items with a blade such as cutters, scissors, razors, knives, etc.

◆Items that may cause infection

Intravenous equipment for home medical care, syringes, etc.

◆Items with single length of 50cm or more

Large baskets, costume cases, etc.

*Rope and sheet material may be disposed if cut to a length of less than 50cm.

◆Items that may damage recycling equipment

(Items with a thickness of 5mm or more and items made of multiple materials such as fibres and synthetic rubber)

Chopping boards, knee-high boots, slippers, etc. that are 5mm or thicker.

Burnable waste

Every **Monday** and **Thursday**

Common items: food waste, fallen leaves, paper diapers, disposable hand warmers, shoes, bags.

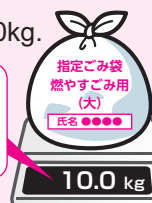

Preparing

- Close bag firmly before disposal.

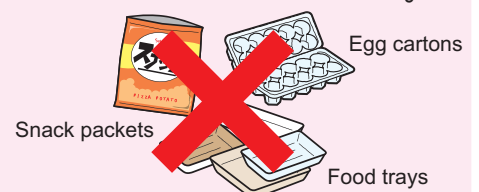

- Ensure each bag of waste is less than 10kg.

If the bag is too heavy, it may tear during collection.

- Do not mix items from different waste categories.

Please Note

- ★When disposing liquids such as cooking oil, soak them in newspaper or use a coagulant before disposing.

- ★Drain liquid from food waste thoroughly.

Did you know?

Since food waste is about 80% water, simply wringing it tightly can help reduce the amount of waste.

Disposable Container/
Bag

Paper containers and packaging

3rd

Tuesday

of the month

Paper containers and packaging with the 紙 mark

Common items: tissue boxes, wrapping paper, yoghurt containers, snack packaging etc.

Preparing

- Check if the waste item has a paper container packaging mark.

- Remove anything that is not paper containers or packaging.

Plastic trays, etc. should be disposed of as plastic garbage.

- Write your name on a commercially available transparent bag and put it out for collection.

Please

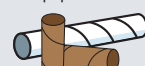

Cup noodle and paper cups with the mark 紙 are made of paper. Please dispose of them as paper containers and packing.

Lightly rinse before disposing

Cup noodle container

- Please dispose of items that do not have the paper container and packaging mark separately.

Toilet paper, cling film wrap core

Dispose as scrap paper

After collection

Things with aluminium inside, such as alcohol carton packs

Used as solid fuel

Boxes of sweets, etc.

Substitutes for cardboard, paperboard, livestock bedding, etc.

PET bottles

4th

Friday

of the month

Containers with the PET mark

Common items: Containers for drinks, condiments, etc.

Preparing

- ① Check which category the waste belongs to using the mark on each item

Check this mark

- ② Remove the lid and label

- ③ Rinse with water

- ④ Crush slightly

Please Note

★ If there is no PET bottle mark, dispose of the item according to its correct category.

★ Ensure there is nothing remaining in the container.

Tip

After removing the lid or inner cap of a soy sauce bottle, the inner ring can be left attached.

Disposable Container/ Bag

Cans

2nd

Tuesday

of the month

Common items: canned goods, empty juice and alcohol cans, spray cans, sweets cans

Preparing

- Beverages, canned goods, food cans (aluminium, steel cans), etc.

- Oil and paint cans should be disposed of as metal items.

- Empty all contents and rinse with water.

Please Note

★ Do not dispose with cigarette butts etc. inside.

Please

Spray cans may explode during disposal process if gas remains. Ensure to empty the contents before disposing.

Disposable Container/ Bag

Bottles

3rd

Friday

of the month

Common items: Juice and condiment bottles, jam jars, large (1.8l) bottles, cosmetic bottles

Preparing

- Remove any lids

- Empty the contents and rinse with water

- Items made of heat-resistant glass such as baby bottles should be disposed of as glass /ceramics.

Please Note

- ★ If bottles are broken, dispose of them in a separate small transparent bag.

Tip

Beverage and seasoning bottles

- ① Stopper and label do not have to be removed if difficult.

- ② There is no need to separate bottles by colour.

Disposable Container/ Bag

Metals

4th

Tuesday

of the month

Common items: frying pans, knives, small home appliances such as computers, rice cookers, toasters, nails, screws, umbrella ribs, spoons, forks, aluminum pots for instant udon noodles, LED light bulbs

Preparing

- Remove any non-metal part that can be removed.

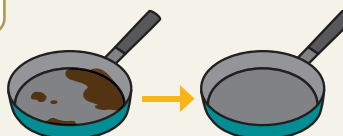

Dry cell batteries to be disposed of as batteries

Take batteries out

- Rinse or remove dirt

- The cloth part of an umbrella should be disposed of as burnable waste, vinyl should be disposed of as plastic waste, and umbrella skeletons should be disposed of as metal.

Please Note

- ★ Wrap blades in newspaper, etc.

- ★ Please put small nails, needles, etc. into a separate small transparent bag.

Please

Even if toys and other items appear to be made of plastic, items that run on batteries or electricity should be disposed of as metal.

Disposable Container/ Bag

Glass/Ceramics

1st

Friday

of the month

Common items: glass, mirrors, small light bulbs, baby bottles, rice bowls, cups, etc.

Preparing

- Place broken and small items in separate small transparent bags.

- Rinse or wipe away dirt.

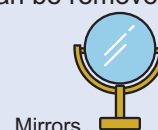

Glass

Dishes

- Remove anything that is not glassware and ceramics that can be removed.

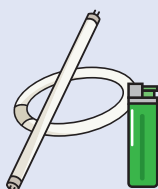

Mirrors

Clocks

Please Note

- ★ Dispose of fluorescent light bulbs as fluorescent lights and disposable lighters as batteries.

Please

When disposing of broken glassware and ceramics, please dispose across several bags rather than putting a large amount into one bag.

Disposable Container/ Bag

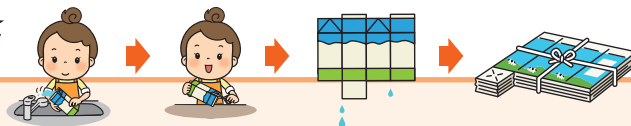

Paper cartons

1st Tuesday of odd numbered months

Common items: items with the paper carton mark

Preparing

Rinse lightly with water, cut and flatten, dry and tie with string before disposing.

Please Note

Items with the paper containers and packaging mark should be disposed of as paper containers and packaging, not with paper cartons.

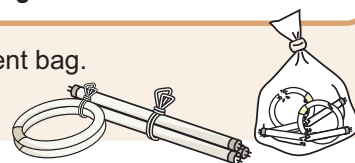

Fluorescent lights

1st Tuesday of odd numbered months

Common items: straight tubular bulb, circular bulb, and ball-shaped fluorescent light bulbs

Preparing

- Tie with string to prevent breaking. If broken, dispose in a small transparent bag.
- LED light bulbs should be disposed of as metal.

Batteries

1st Tuesday of odd numbered months

Common items: dry cell batteries, small rechargeable batteries, disposable lighters, button batteries, mobile batteries

Preparing

- Dispose of each item in a small bag per each type of item.

Batteries

Lighters

Mobile batteries

Contact dealer for car battery collections.

Please Note

Since there is a high possibility of swollen lithium-ion batteries, etc. catching fire or exploding, never put them out at a garbage station. Please bring them to the Tamba City Clean Center for disposal.

Dispose of disposable lighters only after using up all the gas.

- Write your name on a commercially available transparent bag for disposal.

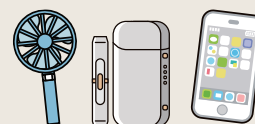

Note

How to dispose of lithium-ion batteries, etc.

Bring lithium-ion batteries, etc. to a store or put them out for collection at a garbage collection station on days designated for batteries collection.

However, since there is a high possibility of swollen lithium-ion batteries, etc. catching fire or exploding, never put them out at a garbage station. Please bring them to the Tamba City Clean Center for disposal.

A list of stores that accept collection of batteries can be found on the General Incorporated Association JBRC website [<https://jbc.com>]

Newspapers, magazines, scrap paper, cardboard, used clothing

1st

Tuesday

of even-numbered months

Preparing

•For newspapers, magazines/ waste paper, and cardboard

•For used clothing

Tie into a cross using string

Write your name on a commercially available transparent bag when putting out for collection.

What qualifies as scrap paper?

Copy paper, flyers, books, memo paper, etc.

What qualifies as cardboard?

Cardboard boxes with the cardboard mark , etc.

Please Note

Clothing, blankets, and 100% cotton sheets (used cloth and fabric) are reusable items so wash thoroughly before disposing of them.

Items that can be disposed as burnable waste

Paper cups, thermal paper (receipts), carbonless paper, laminated postcards, work clothes, uniforms, carpets, etc.

Workwear

Oversized waste collection

Twice a year: June, January

Collection will take place on days marked with a  mark on the waste category/collection calendar.

It will be collected at the base located in the neighbourhood where you live. If your neighbourhood does not have a base, or if you live in a neighbourhood that does not have oversized waste collections, you cannot apply.

Apply by telephone to the number on the right.

The city will send fee payment slips and oversized garbage stickers.

Pay fees at financial institutions, etc.

Put the oversized waste sticker on applicable items when putting them out for collection.

Estimated fee

Total size of 3 sides (L,W,H) exceeds 3m = (Large) 600 JPY

Total size of 3 sides (L,W,H) less than 3m = (Small) 300 JPY

**However, some item sizes may be determined according to category.*

Ex) Bicycle 26 inches or more...(Large), Less than 26 inches...(Small)

Apply to

Tamba City Clean Centre (Address) 540 Nokono, Kasuga-cho, Tamba City

TEL: 0795-78-9999

Important

- ① Applications may be declined due to size or weight, and some items are also not eligible for collection.
- ② Only general households are eligible to apply for collection, with each household eligible to apply for up to 5 items at a time.
- ③ If oversized waste is not put out on the collection day applied for, no refunds will be given.

Items not eligible for collection

Items measuring 2m or more. Items such as wood that are over 20 cm thick.

Items		Remarks
Debris from demolition by contractors	Concrete, bricks, roofing tiles, blocks	Waste generated from demolition by contractors is industrial waste.
Products subject to the Home Appliance Recycling Law	TV, air conditioner (including outdoor unit), refrigerator, freezer, washing machine, clothes dryer	Consult your dealer or the Hyogo Prefecture Electrical Equipment Commercial Association. URL: https://hyogo-zds.or.jp/shop/index.html
Items not eligible for collection	Car tires and parts, agricultural machinery, agricultural waste such as mulch, fireproof safes, soil, stones, sand, pianos, medicines, skis, snowboards, slate, fire extinguishers, industrial waste	Consult with your retailer or dealer. For industrial waste, please contact the Tamba Prefectural Citizens Bureau Environment Division (TEL: 0795-73-3774) or the Hyogo Prefectural Industrial Resource Circulation Association (Sanpai) (TEL: 078-381-7464).
