- No garbage collection on May 3rd to 5th and December 30th to January 3rd, regardless of the day of the week.
- Garbage must be correctly sorted and put out in the morning (by 8:30) on the designated day.
- The collection time at each garbage disposal location or garbage collection point may change depending on traffic restrictions, road conditions, or weather conditions on the collection day. (If garbage is put out after 8:30 a.m. and has not been collected, even if it is correctly sorted, the person who put the garbage out is responsible for taking it back and putting it out again on the next designated day.)
- Please limit the maximum weight of both bags and containers to 10kg to ensure that they are not too heavy.
- There are some items that cannot be collected or brought to the facility. (TVs, air conditioners, refrigerators, washing machines, fire extinguishers, etc.)
- For details see the [Garbage Separation/Collection Pamphlet] available at the City Office or branch office.
- \*Details can be found on the Tamba City website and Garbage Separation App (QR code on the top right corner).

## Direct garbage drop-off

Tamba City Clean Center  
Tamba City, Kasuga-cho, Nokono 540 TEL:78-9999  
[Direct garbage drop-off hours]...9:00~11:45 13:00~16:00  
[Designated days]...Wednesday-Friday (Excluding national holidays and year-end and New Year holidays) open  
[Special open days]...Second Sunday of every month-December 29th  
[Handling-fee for drop-off garbage]...100 yen per 10kg and quantities up to 10kg (150 yen for general business waste)

- In order to reduce traffic congestion around the facility caused by vehicles bringing in garbage, designated garbage drop-off days of the week differ between residential areas. We appreciate your cooperation.
- If you cannot bring in your garbage on the designated day due to moving or other reasons, please contact us in advance.
- City-designated garbage bags (for burnable garbage and plastic garbage) cannot be used for drop-off garbage. (The handling-fee for drop-off garbage is based on the measured quantity of garbage.)
- When bringing in general business waste, please submit your Emission Reduction Plan and obtain a Garbage Drop-off Permit in advance.
